Reason for the Direction

This site is in the heart of the National Park, in an open and relatively exposed location with public rights of way nearby, including the South Downs Way. Given the scale and nature of the proposed development, it would have the potential to have a significant impacts on the special qualities, landscape, dark skies and public enjoyment of the South Downs National Park and as such the first and second purposes of designation. This is an application for an Application to Vary or Remove Conditions that requires no formal call in as the principle case was Called in and managed by the National Park.
