At

**Validation Date:** 27 February 2020

**Date of Direction:** 18 February 2020

#### **Reason for the Direction**

The nature of the development proposed provides opportunities for the public understanding and enjoyment of the Special Qualities of the South Downs National Park. However, the proposal is considered to have the potential to have a significant impact on the natural beauty, wildlife and/or cultural heritage due to the scale and location of development and associated activity. Consideration of the application will therefore require balancing the two purposes of National Park designation, which is potentially of significance to the SDNPA.
