Reason for the Direction

The application follows from planning permission SDNP/18/03233/FUL, which was considered major development of a scale with potential to have a significant impact on the townscape and cultural heritage of this part of Midhurst and as such the first purpose of SDNP designation.

The proposal seeks the variation of three conditions attached to planning permission, including approved plans, and therefore variations have potential to have a significant impact on townscape of Midhurst and the first purpose of designation of the National Park. This is an application for an Application to Vary of Remove Conditions that requires no formal call in as the principle case was Called in and managed by the National Park.
