

FITTLEWORTH NEIGHBOURHOOD DEVELOPMENT PLAN REFERENDUM

INFORMATION FOR VOTERS

About this booklet

On 7th November 2019, there will be a referendum on a neighbourhood development plan for your area. This booklet explains more about the referendum that is going to take place and how you can take part in it. In this booklet you can find out about:

- The Planning System
- The Development Plan [of which neighbourhood development plans are part]
- The neighbourhood development plan
- The neighbourhood area
- The referendum and how you can take part

The Planning System

The planning system manages the use and development of land and buildings. It exists to ensure that development is in the public interest and contributes to the achievement of sustainable development. This means ensuring that meeting the needs of the present do not compromise the ability of future generations to meet their own needs. It also means protecting and enhancing the built and natural environment while allowing growth that balances supporting the economy and community needs for homes, jobs, transport and infrastructure.

The planning system has two main parts:

- Plan making – setting out proposals for development and policies to guide development over time.
- Managing development – where development is agreed through the granting of planning permission.

Not all forms of development require planning permission as some building operations, depending on their scale and type, are covered by permitted development rights. For development that requires planning permission the South Downs National Park Authority (SDNPA) is responsible for deciding whether the development should go ahead. Decisions on planning applications in the Fittleworth area are based on the National Planning Policy Framework, the Development Plan for the SDNPA and any other material considerations which affect the decision. Decisions on planning applications in the National Park will also take into consideration the National Park Authority's two purposes and duty specified in the Environment Act 1995:

PURPOSE 1: To conserve and enhance the natural beauty, wildlife and cultural heritage of the area.

PURPOSE 2: To promote opportunities for the understanding and enjoyment of the special qualities of the National Park by the public.

DUTY: To seek to foster the social and economic wellbeing of the local communities within the National Park in pursuit of our purposes.

The DEFRA Circular on English National Parks and the Broads (2010) provides guidance to national park authorities on how to achieve their purposes and duty.

National Planning Policy Framework

The revised National Planning Policy Framework (NPPF) was published on 24 July 2018. It sets out the Government's planning policies for England and how these are expected to be applied. The framework gives guidance to local planning authorities in drawing up development plans and on making decisions on planning applications. The NPPF states that great weight should be given to conserving landscape and scenic beauty in national parks, which have the highest status of protection in relation to landscape and scenic beauty along with the Broads and the Areas of Outstanding National beauty (AONB). The NPPF is available as an on-line resource, together with associated planning practice guidance, at <http://planningguidance.planningportal.gov.uk/>

What is a Development Plan?

In England, planning applications are determined by local planning authorities in accordance with the Development Plan. A Development Plan is a set of documents that set out the policies for the development and use of land across the entire local authority area. The South Downs National Park Authority must prepare a local plan which sets planning policies within the local planning authority area. Local plans must be prepared with the objective of contributing to the achievement of sustainable development. They must be positively prepared, justified, effective and consistent with national policy in accordance with the Planning and Compulsory Purchase Act 2004 (as amended) and the National Planning Policy Framework. Decisions must be made in accordance with the local Development Plan unless material considerations indicate otherwise. The local Development Plan for the Fittleworth area consists of the South Downs Local Plan, West Sussex Minerals Local Plan and the West Sussex Waste Local Plan. These documents can be accessed via the following links:

Once adopted, the Fittleworth Neighbourhood Development Plan will also be part of the local Development Plan.

What is Neighbourhood Planning?

Neighbourhood planning was introduced under the Localism Act 2011 to give local communities more control in the planning of their neighbourhoods. It introduced new rights and powers to allow local communities to shape new development in their local area. It enables communities to develop a shared vision for their neighbourhood and deliver the sustainable development they need through planning policies relating to the development and use of land.

Who can prepare a Neighbourhood Development Plan?

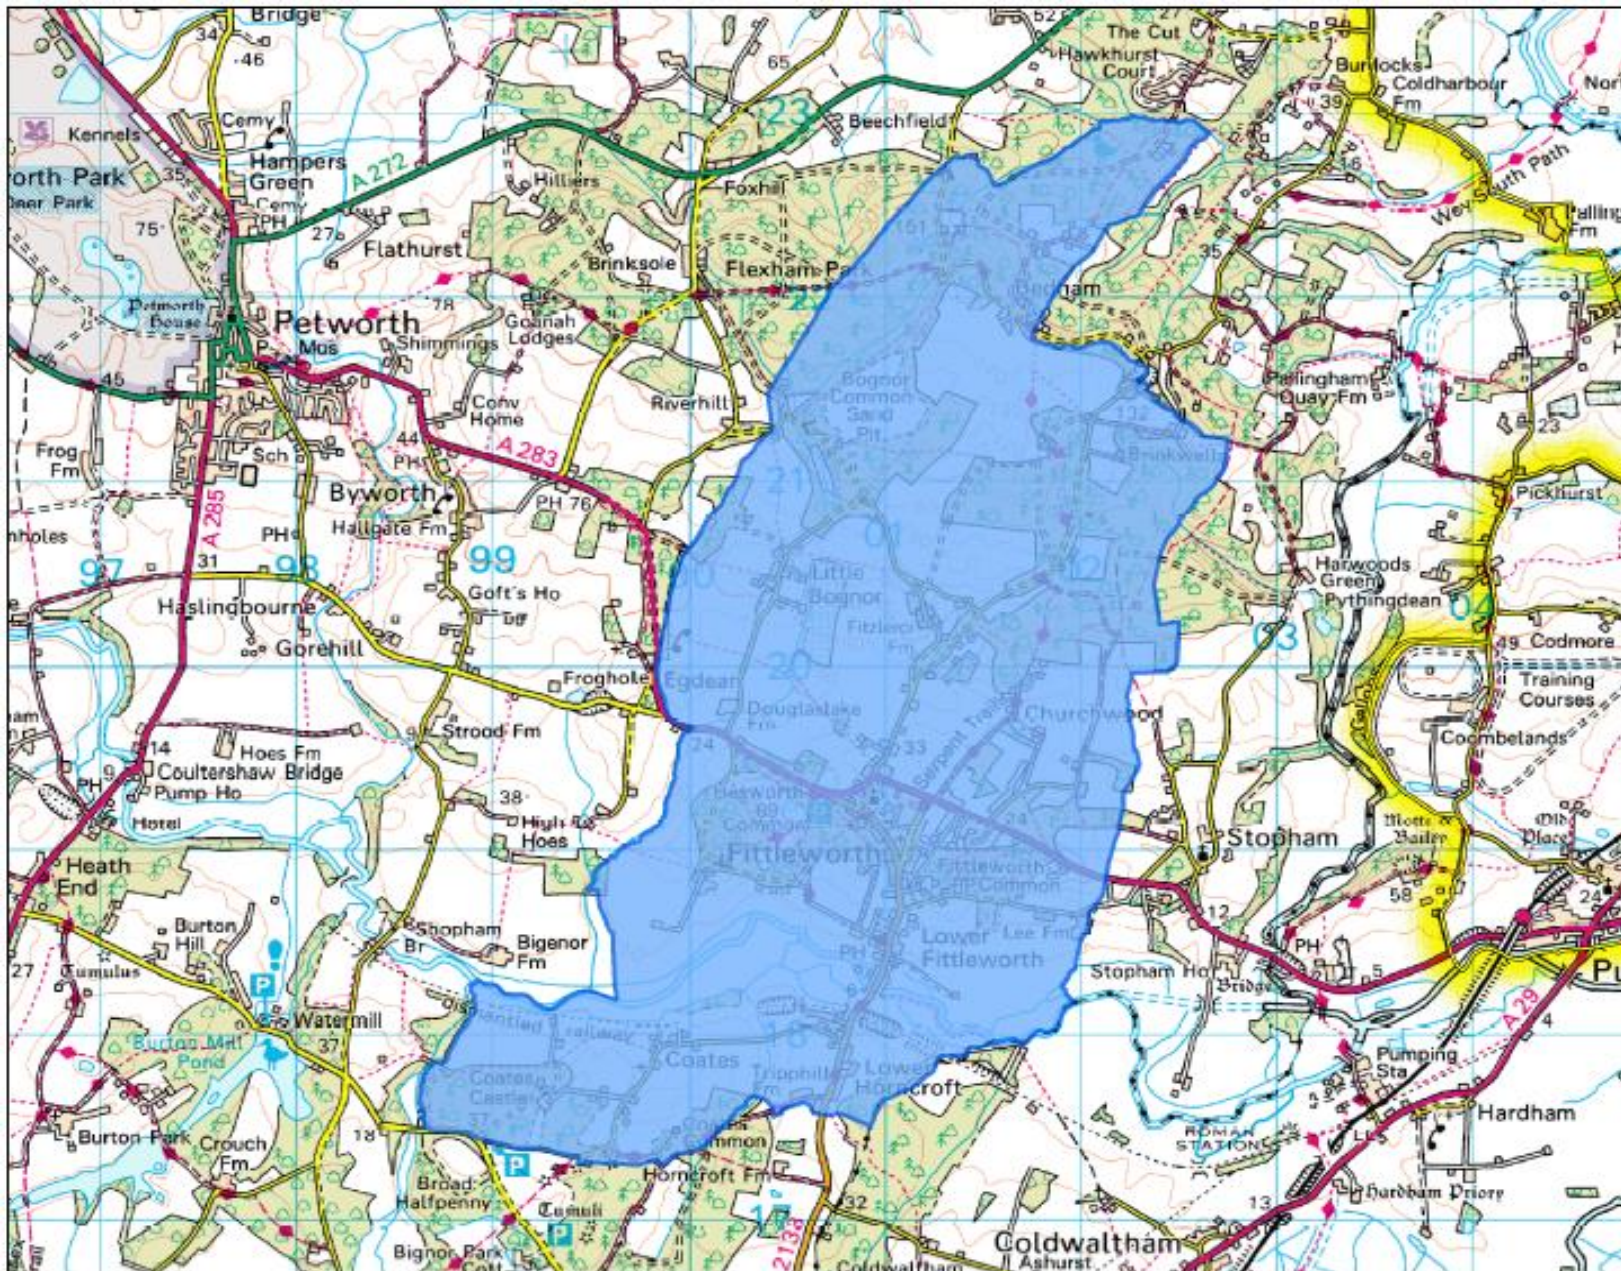

Neighbourhood development plans are prepared by town or parish councils, or neighbourhood forums. In this case, the Fittleworth Neighbourhood Development Plan was prepared by the FNDP Steering Group, a group consisting of local volunteers and Fittleworth Parish Councillors.

What is a neighbourhood area?

A neighbourhood area can cover single streets or large urban or rural areas. The boundaries of a neighbourhood area are put forward by:

- Town or parish councils
- A neighbourhood forum (a group of at least 21 people in areas without town or parish councils)

In Fittleworth the boundary of the neighbourhood area is identified on the map below and is identical to the parish area of Fittleworth.

Neighbourhood Planning in Fittleworth

A Neighbourhood Development Plan (NDP) for Fittleworth has been prepared by a steering group set up by Fittleworth Parish Council, and contains a series of planning policies which will guide development in Fittleworth up to the year 2033. The Fittleworth NDP includes housing allocations, as well policies on design, landscape, biodiversity and built heritage amongst other topics. The NDP can be viewed at:

Referendum on the Neighbourhood Development Plan

A referendum asks you to vote 'yes' or 'no' to a question. For this referendum you will receive a ballot paper with this question:

"Do you want the South Downs National Park Authority to use the neighbourhood development plan for the parish of Fittleworth to help it decide planning applications in the neighbourhood area?"

How do I vote in the referendum?

You vote by putting a cross (X) in the 'Yes' or 'No' box on your ballot paper. Put a cross in only **one** box or your vote will not be counted.

If more people vote 'yes' than 'no' in this referendum, then the South Downs National Park Authority will adopt the Neighbourhood Development Plan and use it to help decide planning applications in Fittleworth.

If more people vote 'no' than 'yes', then planning applications will be decided without using the Neighbourhood Development Plan as part of the Development Plan for the local area.

Referendum expenses

Expenses can be incurred by an individual or body during the period of the referendum for the purposes of campaigning in association with the referendum. The Referendum expenses limit that will apply in relation to the Referendum is £2362 + (0.059p x electorate). The number of persons entitled to vote in the Referendum by reference to which that limit has been calculated is 781.
