

Aldingbourne Neighbourhood Development Plan 2014-2034

Basic Conditions Statement

Plan Period 2014-2034

Published April 2016

Neighbourhood Plan Area Designation - Plan A

1. Introduction

- 1.1 This Statement has been prepared by Aldingbourne Parish Council (“the Parish Council”) to accompany its submission to the local planning authority, Arun District Council (ADC), of the Aldingbourne Neighbourhood Development Plan (“the Neighbourhood Plan”) under Regulations 15 of the Neighbourhood Planning (General) Regulations 2012 (“the Regulations”).
- 1.2 The Neighbourhood Plan has been prepared by the Parish Council, a qualifying body, for the Neighbourhood Area covering the whole of the Parish of Aldingbourne, as designated by the Local Plan Sub- Committee of Arun District Council on 29 November 2012 (see Plan A).
- 1.3 The policies described in the Neighbourhood Plan relate to the development and use of land in the designated Neighbourhood Area. The plan period of the Neighbourhood Plan is from the 1st January 2014 to 31st March 2034 and it does not contain policies relating to excluded development in accordance with the Regulations.
- 1.4 The Statement addresses each of the four ‘basic conditions’ required of the Regulations and explains how the submitted Neighbourhood Plan meets the requirements of paragraph 8 of Schedule 4B to the 1990 Town & Country Planning Act.
- 1.5 The Regulations state that a Neighbourhood Plan will be considered to have met the basic conditions if:
 - having regard to national policies and advice contained in guidance issued by the Secretary of State, it is appropriate to make the neighbourhood development plan,
 - the making of the neighbourhood development plan contributes to the achievement of sustainable development,
 - the making of the neighbourhood development plan is in general conformity with the strategic policies contained in the development plan for the area of the authority (or any part of that area),
 - the making of the neighbourhood development plan does not breach, and is otherwise compatible with, EU obligations.

2. Background

- 2.1 The Parish Council commenced preparation of the Neighbourhood Plan in October 2011. The key drivers of that decision were:
 - the encouragement of ADC to towns and parishes in its district to prepare Neighbourhood Plans

- a keenness of the Parish Council to manage local development
 - local community concern at the level of new development being imposed on the parish.
- 2.2 The Parish Council formed a Neighbourhood Plan Steering Group (“the Steering Group”) comprising a number of Councillors and lay members.
- 2.3 The Committee was delegated authority by the Parish Council to make decisions on the Neighbourhood Plan as the project reached specific approval milestones, i.e. publishing:
- the Draft Neighbourhood Plan
 - the Pre-Submission Neighbourhood Plan (and its Regulation 14 Schedule), and
 - the Submission Neighbourhood Plan
- 2.4 The Parish Council have worked with officers of ADC during the preparation of the Neighbourhood Plan. The positioning of the Neighbourhood Plan in respect of the emerging development plan, which proposes to establish a clear policy framework for neighbourhood plans, has been difficult. The most recent published full version of the emerging plan is that of October 2014 which has reached Examination, although this is currently suspended.
- 2.5 A number of saved policies of the 2003 Local Plan continue to provide a valid policy framework for the Neighbourhood Plan and these have been referenced alongside each proposed policy.
- 2.6 For the most, the plan has deliberately avoided containing policies that may duplicate the many saved and emerging development policies that are, and will be, material considerations in determining future planning applications. This has allowed the Neighbourhood Plan to focus on a relatively small number of policies.
- 2.7 In October 2015 the Independent Examiner rejected the Aldingbourne NP and the Parish Council have worked to amend the Plan to meet the requirements set out by the Examiner as well as reflecting the aspirations of the community.

3. Conformity with National Planning Policy

- 3.1 The Neighbourhood Plan has been prepared with regard to national policies as set out in the National Planning Policy Framework (NPPF) and is mindful of the draft National Planning Practice Guidance (NPPG) in respect of formulating Neighbourhood Plans.

- 3.20 These policies meet the aims of the NPPF by recognising that heritage assets are an irreplaceable resource. Aldingbourne has two Conservation Areas and a number of Listed Buildings. Part of the vision for Aldingbourne is to "... be a distinctive, vital and thriving community where its identity, heritage and aspirations for the future are valued, protected and promoted."

The policies set out in this plan aim to achieve this.

4. General conformity with the strategic policies of the development plan for the area.

- 4.1 The 2003 Local Plan ('2003 AALP' in Table C below) could not, of course, have anticipated the existence of the Localism Act almost a decade later and so made no provision for translating generic planning policy into a distinct parish-based plan. However, the Neighbourhood Plan policies are in general conformity with the strategic intent of the 2003 Plan and its specific policies. We have also taken into consideration the policies of the emerging ADC Local Plan Summer 2013.

Arun District Council has determined that a full Sustainability Appraisal is not required but the sustainability attributes of each policy are important to the parish and have therefore been assessed using the following criteria.
