**Validation Date:** 22 May 2017

**Date of Direction:** 9 May 2017

**Reason for the Direction**

The proposal includes the erection of a large new barn for a mixture of uses within (replanted) ancient woodland and in close proximity to Shillinglee Lake SSSI and a public right of way. It also proposes a mixture of agricultural and equestrian uses for the wider land. The proposal therefore has the potential to have a significant effect on the landscape, wildlife, and/or cultural heritage of the South Downs National Park, the first purpose of designation.
