SDNP/17/05255/FUL

Renewing existing and installing new fencing work with access gates to reform grazing paddocks for horses into 3 new enclosures at the Old Racecourse Lewes in an area south of the Tote house, including new access tracks for vehicles to the south of the site running parallel to the gallops and a cross route to allow access to the old racetrack gallops land to the west of the site, the new paddock layout accommodates the established existing public bridleway route (Retrospective)

At

The Tote House , The Motor Road, Old Racecourse, Lewes, BN7 1UR

Validation Date: 20 November 2017

Date of Direction: 19 October 2017

Reason for the Direction

This is a sensitive site within the National Park. Given the visual impact of the proposed fences and track in the rural landscape, which is covered by an Article 4 Direction, and the impact on the enjoyment of the special qualities for the SDNP, where the site adjoins a public bridleway, the proposed development and use of the site would have the potential for significant impact on the landscape and environment in the locality, which constitute the first purpose for which the National Park was designated.
