

Applications formally called in or follow up submissions made valid during the week commencing 23 April 2018

SDNP/18/01587/FUL

Replacement of grass football pitch with a 3G pitch for multi-sport use together with floodlighting, replacement fencing, covered spectator area and improved access from Pavilion Road. New planting to site boundaries.

At

Falmer Sports Complex, Eastern Ring Road, University of Sussex, Falmer, East Sussex

Validation Date: 18 April 2018

Date of Direction: 28 March 2018

Reason for the Direction

The part of the application site within the National Park boundary is a sensitive and exposed location where the proposed development for new sports pitch and associated works, would have the potential for significant impact on the landscape, environment, dark night skies and wildlife in the locality, and on the opportunities for public access, understanding and enjoyment of the National Park, which together constitute the purposes for which it was designated.
