**Validation Date:** 5 September 2018

**Date of Direction:** 1 May 2018

**Reason for the Direction**

The SDNPA proposes to determine the above planning application itself given the need to balance considerations regarding any impacts on the natural beauty, wildlife and cultural heritage of the area as a result of the proposed large scale seasonal events and other activities against any opportunities that the events and activities may bring for understanding and enjoyment of its special qualities by the public. Such an assessment in balancing the first two purposes of National Park designation is potentially of significance to the SDNPA.
