

# PMP workshop

SDNPA officers, Members and Partners:

- reviewed priority programmes and categorised the suggested programmes on a matrix of impact vs deliverability
- Identified programmes which have the potential to achieve high impact but currently low deliverability for further development with Partners during the three-month consultation period

# Reviewing our outputs

# PMP process next steps

- PMP Task and Finish Group and officers review the output from the workshop
- Officers and Members agree final priority programme areas for consultation
- Members and Officers begin the process of engaging with partners and stakeholders about the priority programmes, seeking to gain commitments from Partners to projects and areas of delivery
- Information about the review is published on the website
- Use of other media to publicise the review
- Engagement with town and parish councils
