Reason for the Direction

The proposed development is classed as a major development under the DMPO 2015 due to the site area involved. The site is located in a sensitive isolated location, near to public rights of way and within woodland classified on the ancient Woodland Inventory.

Given the nature of the proposals and the isolated and sensitive nature of the site, the proposed development has the potential to have a significant impact on the natural beauty, wildlife and/or cultural heritage of the National Park.
