

# Agenda Item 12 Report NPA19/20-14 Appendix 2

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
	Protect and enhance the natural beauty and character of the SDNP and minimise negative infrastructure impacts	Truleigh Hill Landscape Project.	Deliver Landscape Enhancement projects for Truleigh Hill, work with local communities and stakeholders to develop an action plan and prevent further loss of landscape character.	C		SDNPA	N/A	Landowners, local residents and community groups, YHA, Telecom Companies, National Trust, EON.	Chris Fairbrother
	Protect and enhance the natural beauty and character of the SDNP and minimise negative infrastructure impacts	Monitoring the South Downs from Space.	Follow on work from the recent pilot project to develop expertise and capacity in the use of Satellite data and imagery. Use of remote sensing to assess landscape change over time and monitor the impacts of changes and trends in land-use on Landscape Character within the National Park.	C		SDNPA	N/A	Defra, UK Space Agency, Space for Smarter Government Programme, Sussex LNP, Sussex Wildlife Trust, Norfolk Estate	Chris Fairbrother
	Protect and enhance the natural beauty and character of the SDNP and minimise negative infrastructure impacts	Undergrounding overhead power cables	Schemes of undergrounding overhead powerlines funded through OFGEN at :- Malling Hill, Adur Valley, Piddinghoe, Littleington, Charleston Manor, Firle Beacon, Alciston, Hinton Ampner, Cheriton and Battlefield.	C		UK Power Networks		UK Power Networks, SSE, Parish Councils, Charleston Trust, Firle Estate, SWT, Iford Estate,	Roni Craddock
	Protect and enhance the natural beauty and character of the SDNP and minimise negative infrastructure impacts	Project fund from OFGEN	Project fund from OFGEN, Butser Hill /Chalk, Woolbeding/ Heathland, Rother valley	C				National Grid	Roni Craddock
	Protect and enhance the natural beauty and character of the SDNP and minimise negative infrastructure impacts	Dark Night Skies 'Landscape Alliance'	Establish a Dark Night Skies 'Landscape Alliance' for joint working and collaboration on DNS. Working on model policies and guidance notes, joint festivals and promotion, developing an MOU.	C				IDA, South East Protected Landscapes Forum, Commission for Dark Skies, National DNS Partners.	Dan Oakley
	Protect and enhance the natural beauty and character of the SDNP and minimise negative infrastructure impacts	Dark Night Skies technical guidance note	Develop advice and technical guidance note for lighting on farms. Work with CLANFU and Institute for lighting Professionals to develop industry endorsement.	C			N/A	SDNPA, CLA, NFU, Institute for lighting Professionals	Dan Oakley
	Improve green and blue infrastructure to protect nature networks and connect people to nature within and around the SDNP	Winchester Urban Fringe Landscape Project	Landscape scale research project in the Winchester Urban Fringe to address severance and fragmentation in the landscape	C				Landowners, Parish councils, WCC, HCC, local businesses, community groups.	Roni Craddock
	Improve green and blue infrastructure to protect nature networks and connect people to nature within and around the SDNP	Havant thicket reservoir Project	Development of new winter storage reservoir and associated recreational facilities	C	L	Portsmouth water	TBC	HIWWT, FC	Jeremy Burgess
	Maximise environmental, cultural and economic benefits of agri-environment and forestry schemes across the National Park	New Environmental Land Management (ELMS) scheme Pilot.		C				Farm Clusters	Nigel James
	Maximise environmental, cultural and economic benefits of agri-environment and forestry schemes across the National Park	Heathlands Reunited	Expanding, creating and improving areas of heathland so that they are no longer isolated 'islands' and their plants and animals are less vulnerable to local extinction, and Re-engaging with and inspiring communities to visit their heathland and learn more about them to look after them for future generations to come. Funded through The National Lottery Heritage Fund.	C	L	SDNPA	N/A	FC, Sussex Wildlife Trust, Hampshire and Isle of Wight Wildlife Trust, Lynchemere Society, National Trust, ARC, MoD, RSPB, HCC, NE	Andy Player
	Maximise environmental, cultural and economic benefits of agri-environment and forestry schemes across the National Park	Heathlands Reunited 2	Delivering project legacy, including after project capital works, and continuing elements of the activity plan as well as directly linked activity such as Heathlands Forum; also focus on offsetting impact of development on heathlands			SDNPA	Andy Player	Heathlands Reunited partners; Thames Basin Heaths	Andy Player
	Maximise environmental, cultural and economic benefits of agri-environment and forestry schemes across the National Park	Woodland Trust Conservation Project	Provision of a first stop shop advice service to woodland owners and businesses across the National Park, increasing amount of woodlands in sustainable management and enhancing biodiversity value of ancient woodlands	C	M	SDNPA	N/A	Woodland Trust, Forestry Commission	Andy Player
	Maximise environmental, cultural and economic benefits of agri-environment and forestry schemes across the National Park	Arun to Adur Pollinators Survey	Baseline Survey of pollination services and habitat connectivity for the Arun to Adur Farm Cluster to identify opportunity areas and target areas for advice and delivery.	C	M			Adur to Arun Farm Cluster, SDNPA	Chris Fairbrother

# Agenda Item 12 Report NPA19/20-14 Appendix 2

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
1.3	Maximise environmental, cultural and economic benefits of agri-environment and forestry schemes across the National Park	Bee Lines	Development of a 'Bee-Lines' pollination project focussing on improving headlands and field margins to support increased pollination services within the farmed landscape.	C				Buglife, Natural England, Sussex University, Kew Gardens, West Sussex County Council, District Planning	Nick Heasman
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Water Environment Grant (WEG)	proposal being developed for the River Arun.	C	M	Arun & Rother Rivers Trust	Sandra Manning-Jones <sandramanningjones@gmail.com>	Catchment Partnerships. Environment Agency.,	Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Water Cress and Winterbournes Project	£3.6m project celebrating and protecting the headwaters of the Test and Itchen rivers is being supported by the Heritage Lottery Fund (HLF).	C	L	HIWWT	N/A	SDNPA, Wessex Chalk Streams and Rivers Trust, Vitacress, Test and Itchen association, wild trout trust	Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Natural Flood Management (NFM)	Scheme being developed for the Adur Floodplain. Suds at Hassocks	C	M	Ouse & Adur Rivers Trust		SWT	Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Ouse and Adur Catchment walkover surveys		C	M	Ouse & Adur Rivers Trust			Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Arun and Rother Catchment walkover surveys		C	M	Arun & Rother Rivers Trust			Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	CHAMP Project	Continuation of Pilot Work and roll out of the project and its approach to other adjoining Chalk Blocks.	C	L	Southern Water	N/A	SDNPA, Environment Agency, CSF Scheme, University of Brighton, BHCC, Living Coast Biosphere, NE.	Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Adur to Arun Soil Project	Soil health and monitoring Project. Farm based trials to develop exemplar techniques and approaches.	C					Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Channel Payments for Ecosystem Services (CPES)	Project investigating payment for ecosystem services for soil and water quality improvements. Including River Rother	C	L	University of Chichester	N/A	Southern Water, SDNPA, Environment Agency, Portsmouth Water, West country rivers trust.	Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Downs and Harbours Clean water partnership and Portsmouth water work with South Downs Farmers Cluster		C	M	Portsmouth Water		Farm Cluster	Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Prowater project	European-funded partnership project aiming to address the impacts of climate change and enhance the availability of raw water for people and the environment	C	L	South East Rivers Trust		.SE Water, EA	Jeremy Burgess
2.1	Improve soil and water quality by reducing soil erosion, improving carbon capture and filtration and reconnecting wetland habitats	Lewes Town Surface Water Management Plan	Specific actions identified from page 44 onwards at: <a href="https://www.eastsussex.gov.uk/media/10015/2016s5255-lewes-stage-1-swmp-v3-september-2017.pdf">https://www.eastsussex.gov.uk/media/10015/2016s5255-lewes-stage-1-swmp-v3-september-2017.pdf</a>	C		Lewes DC	Tim Bartlett		Jeremy Burgess
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	ESCC Dutch Elm Disease Sanitation Programme	Managing Dutch elm disease in East Sussex to limit the spread of the disease, and conserve the population of elms in the county, which includes the only population of mature elms in the world. For further information see: <a href="https://www.eastsussex.gov.uk/environment/woodlands/dutchelms/">https://www.eastsussex.gov.uk/environment/woodlands/dutchelms/</a>	C	Partner led	ESCC	Anthony Becvar	Eastbourne Borough Council, Brighton and Hove City Council	Andy Player

# Agenda Item 12 Report NPA19/20-14 Appendix 2

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	South Downs forestry Champions Place group	Working in partnership to address impacts of ash dieback, providing integration with the management of other vectors for change such as deer and squirrels and directing funding available to enhance the resilience of trees and woodlands in the National Park .	C	M	SDNPA	Andy Player	South Downs Forestry Champions	Andy Player
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	South Downs Forestry Champions People Group	Creating opportunities for Future foresters and for those that wish to work with trees and wood products, developing knowledge and expertise across the forestry and arboricultural network and telling the story about forestry to create greater awareness and understanding	C	M	SDNPA	Andy Player	South Downs Forestry Champions	Andy Player
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	South Downs Forestry Champions Prosperity Group	Strengthening local timber supply chains and locking up carbon and supporting SDNPA forestry industry by getting more locally sourced timber into construction, and developing the potential of the affordable south downs timber home	C	M	SDNPA	Andy Player	South Downs Forestry Champions	Andy Player
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	'Bringing Elm back to the Downs' project	Growing supply and demand for disease resistant elms	C	M	SDNPA	Andy Player	Butterfly Conservation, Seaford Town Council, Adur and Worthing town Councils, estates, friends of Petersfield Heath	Andy Player
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	Woodland Trust MOREwoods project	Providing advice and funding support for the planting of trees and hedges	C		Woodland trust	Luke Everitt	SDNPA	Andy Player
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	Woodland Trust Treescapes project		C		Woodland Trust	Ed Goodall		Andy Player
2.2	Improve the resilience and quality of trees and woodlands in the National Park and ensure that the right tree is planted in the right place	Alice Holt arboretum conservation work	Conserving Alice holt arboretum and maintaining access	C	S	SDVRS/FC	Laura Tong	SDVRS/FC	Andy Player
3.1	Create, restore and improve areas of priority habitat so that they are bigger, better, and more joined up at a landscape scale.	Changing Chalk	A landscape scale Programme, £3.4 M package of funding and 36 partner projects. This includes several relevant to this Priority Programme :- Grazier Project, Dew Ponds Project, Food Partnership and Community Outreach Projects, 'Defined by Nature' Project, Research Project on Scrub Clearance and Chalk Grassland restoration	C	L	National Trust	N/A	SDNPA, Eastbourne and Lewes Council, Adur and Worthing DC, Brighton and Hove CC, The Living Coast, East Sussex CC, Brighton Food Partnership, Community Works, Kew Gardens, Butterfly Conservation, BugLife, Sussex Wildlife Trust, Eastern Downs Farm Cluster	Chris Fairbrother
3.2	Increase the genetic diversity and resilience of target or priority species and implement a landscape scale strategy for tackling invasives, pest species and diseases	South downs Invasive species strategy and taskforce.	Collaboration to deliver control of Key INNS species across the NP	C		SDNPA		South Downs Invasive Group (NT,SWT, RSPB, FC, HDC, EA, )	Jeremy Burgess
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	Scheduled Monuments Condition Monitoring (Phase 1)	A pilot programme of condition monitoring, conservation and repairs to Scheduled Monuments accessible by SDNPA Ranger teams.	C	M	SDNPA	Lead Rangers	Historic England, National Trust, landowners	Anooshka Rawden

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	Scheduled Monuments Condition Monitoring (Phase 2)	Scheduled monuments are heritage assets considered to be of national importance. We will seek to secure external funding to develop a sustainable delivery model for monitoring and recording these important sites, and delivering interventive improvements (i.e. basic conservation, vegetation removal etc) where appropriate. Using lessons-learned from a 2018 pilot project, we will work with Historic England and liaise with County / District Archaeology Officers and the Park's Ranger teams to create a clear framework for taking forward scheduled monument condition monitoring (with associated volunteer and SDNPA team training), and create resources and interpretation to support public engagement with these important heritage assets. The project evaluation approach will additionally link to health and wellbeing outcomes, as well as outreach priorities. See 7.1 and 8.1.	C	L	SDNPA	Anooshka Rawden / Project Lead (funded position through HE Capacity Building Grant)	Historic England, National Trust, Volunteer Ranger Service, landowners, County / District Archaeologists, HER Officers, museums	Anooshka Rawden
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	Heritage Crime Campaign	Develop a Heritage Crime campaign to increase public awareness, reporting and monitoring of high risk areas: (1) Input into the National Park's Historic Environment Group draft Memorandum of Understanding with Historic England; (2) Explore potential for Ranger / Volunteer Ranger Service training to better understand Scheduled Monuments, the Portable Antiquities Scheme and types of heritage crime, working closely with local police contacts; (3) Establish the procedure for reporting heritage crime by the Park's Rangers / Volunteer Ranger Team, (4) Additionally explore opportunities for development of resources to support ongoing education and promotion of heritage crime impacts, (5) Establish data sharing with Sussex and Hampshire constabularies to understand impacts, scope and trends around heritage crime in the National Park.	C	M	SDNPA	Anooshka Rawden	Potential partners: SDNP, Historic England, Sussex and Hampshire Constabularies, parish councils, National Trust, ESC, Portable Antiquities scheme (PAS)	Anooshka Rawden
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	Archaeology on the Edge (Phase 1)	Undertake a survey of coastal archaeology under threat of erosion, to identify key sites with associated risk and impact timescales, additionally providing recommended approaches to guide programmes of intervention (i.e. archaeological recording, monitoring or excavation etc.) to support planning Phase 2.	C	S	SDNPA	Liz Gent / Anooshka Rawden	Historic England, National Trust, Sussex Heritage Coast Partners.	Anooshka Rawden
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	Stanmer Park flint wall restoration		C	M	SDNPA	Claire Kerr	Brighton and Hove City Council, VRS, Rangers	Claire Kerr
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	Petersfield Museum – Heritage Walks	Support Petersfield Museum with the delivery of their HLF Activity Plan outputs to develop more heritage-themed walks linking venues in the wider area (e.g. Selborne and Petersfield areas) Potential to use digital technology where possible to create a sustainable model for delivery of the walks post-HLF project. Additionally work with the Sustainable Tourism Strategy Lead to link the museum to tourism networks for promotion and marketing of the developed walks.	C	S	Petersfield Museum	<a href="mailto:Sophie.Yaniw@petersfieldmuseum.co.uk">Sophie Yaniw (Curator) curator@petersfieldmuseum.co.uk</a>	Volunteer Ranger Service, Rangers, landowners, museums	Place & Interpretation Officer SDNPA

# Agenda Item 12 Report NPA19/20-14 Appendix 2

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	SEAHA Studentship: Drones for Heritage Communication and Audience Development	The Park will co-supervise a PhD Studentship as heritage partner (alongside Sussex Past) to explore research outcomes linked to use of drones, heritage engagement and audience development. Outcomes may include guidance for heritage bodies, tested approaches with associated evaluation and case studies to support ongoing audience development and programming for the Park and its partners.	C	S	University of Brighton	Frauke Behrendt (Deputy Head of School for Research and Enterprise) F.Behrendt@brighton.ac.uk	SDNPA, Brighton University (academic partner), Sussex Past (co-heritage partner), SkyPower (industry partner)	Anooshka Rawden
4.1	Increase conservation, awareness and understanding of South Downs cultural heritage	Metrics: Historic Environment reporting and advocacy	Contribute to a working group of heritage leads from National Parks across England, Scotland and Wales to review current metrics / data for the historic environment. Confirm data collection approach and ensure it links to outcomes and priorities identified in the Glover Review, and which additionally link to cross cutting priorities (engagement, health and wellbeing etc.). Ensure balanced approach including qualitative and quantitative evidence. Deliver a report, consultant brief and evaluation criteria.	C	M	National Parks: Joint Statement Historic Environment Group	Miles Johnson (Senior Historic Environment Officer, Yorkshire Dales) Miles.Johnson@yorkshire-dales.org.uk (working group lead)	Historic England, National Parks	Anooshka Rawden
4.2	Promote understanding and enjoyment of the landscape and traditions of the South Downs through contemporary arts and crafts	Inn Crowd	Work with Applause Rural Touring commissioned writer-in-residence to deliver community engagement and public performances using voices from people who live and work in the Park.	C	S	SDNPA / Applause	Anooshka Rawden	Applause Rural Touring, pubs, artist-in-residence	Anooshka Rawden
5.1	Encourage everyone to experience the National Park and widen participation for under-represented groups through targeted activities and promotion	John Muir Award - Families Inclusion Award	Working with community organisations this project will use the John Muir Award as a tool for engaging families from communities experiencing higher levels of deprivation with the multiple benefits of discovering, exploring, conserving and sharing their experiences of the SDNP.	C	M	SDNPA		John Muir Trust, Community organisations tbc	Amanda Elmes
5.1	Encourage everyone to experience the National Park and widen participation for under-represented groups through targeted activities and promotion	John Muir Award - Inclusion pilot	Bourne and Cavendish Schools, Eastbourne supporting pupils at risk from exclusion through framed engagement with the SDNP using the JMA approach	C	S	SDNPA		So Sussex	Amanda Elmes
5.1	Encourage everyone to experience the National Park and widen participation for under-represented groups through targeted activities and promotion	Artscape	Artscape is a small art based charity that works to improve the lives of anyone who faces isolation through poor health or circumstance across Hampshire. This project using the landscape of Butser Hill as inspiration to explore and create.	C	S	Artscape		SDNPA, Queen Elizabeth Country Park	Amanda Elmes
5.1	Encourage everyone to experience the National Park and widen participation for under-represented groups through targeted activities and promotion		Upgrade BW26 to 'easy access' trail linking to existing Falmer Rd path and connecting into NP from urban area	C	S	Brighton and Hove City Council			Allison Thorpe
5.1	Encourage everyone to experience the National Park and widen participation for under-represented groups through targeted activities and promotion	Changing Chalk	Access projects: Stanmer Park to Ditchling Beacon, Dyke Road to Devil's Dyke Link.	C	M	Brighton and Hove City Council		National Trust, SDNPA	Allison Thorpe
5.1	Encourage everyone to experience the National Park and widen participation for under-represented groups through targeted activities and promotion	Try the Train	Experiences targeted at specific groups including eligible schools and 16 + gps. Link this with SDNPA Education packages. Three Community Rail Partnerships involved.	C	S	Community Rail Partnerships	<a href="mailto:info@easthampshirerail.co.uk">info@easthampshirerail.co.uk</a> <a href="mailto:fiona@sussexcrp.org">fiona@sussexcrp.org</a> <a href="mailto:SurreyHillsSouthDownsCRP@gmail.com">SurreyHillsSouthDownsCRP@gmail.com</a>	SWR/Southern/GTR rail operators across the NP	Allison Thorpe
5.1	Encourage everyone to experience the National Park and widen participation for under-represented groups through targeted activities and promotion	National Citizen Service (NCS)	A collaboration between SDNPA and NCS to provide opportunities for youth social action for 15-17 year olds in the SDNP as part of the phase 3 delivery of this Government Funded Scheme.	C	S	SDNPA		Personal Best Education, Midway Youth Trust	Amanda Elmes

# Agenda Item 12 Report NPA19/20-14 Appendix 2

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Volunteer Path Warden Scheme	New Volunteer Path Warden Scheme	C	S	BHCC			
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways		Reduce severance across the A27 - Priority crossing points identified by BHCC LAF (see map). Highways England funded project to improve crossing points for walkers and cyclists. Andy Renaut to update BHCC LAF in January 2019. Priority = Old Boat Corner – Stanmer Project	C					
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Falmer Wooding Dean Shared Use Path	Resurfacing of Falmer-Woodingdean Shared Use Path	C	M	BHCC	N/A	SDNPA, ESCC	Allison Thorpe
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Dyke Road Shared Use Path	Improve A27 crossing at Dyke Road for walkers and cyclists (including ramp to meet permissive bridleway in 19 Acres) – part of the Toads Hole Valley development	C	S	BHCC	chantelle.hoppe@brighton-hove.gov.uk		Alister Linton-Crook
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	England Coast Path Partnership	Work with the proposed ECP Partnership to promote and maintain this National Trail from 2020 onwards.	C	S			ESCC/SDNPA	Andy Gattiker
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Regional Cycle Route 90 in Lewes, Brighton Road to South Street.	Stakeholders and residents will be consulted on designs for the scheme between Brighton Road and South Street. A higher level Welsh cycling audit will be undertaken and the scheme is likely to be delivered in sections between 2020 – 2021.	C		ESCC	<a href="mailto:jon.wheeler@eastsussex.gov.uk">jon.wheeler@eastsussex.gov.uk</a>	ESCC	
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Traffic Management - New Malling 20mph Scheme (Traffic Calming Old Malling Way + signs)	A stakeholder and public consultation on the proposals will be taking place in September 2019. Subject to the outcome of this process and confirmation of funding, the scheme would be constructed in 2020.	C		ESCC	<a href="mailto:jon.wheeler@eastsussex.gov.uk">jon.wheeler@eastsussex.gov.uk</a>		
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Lewes Bus Stop Accessibility Improvements - High Street and town centre	Investigate feasibility of alternative locations to enable full accessibility.	C		ESCC	<a href="mailto:jon.wheeler@eastsussex.gov.uk">jon.wheeler@eastsussex.gov.uk</a>	ESCC	
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Alfriston Traffic Management Scheme	Consult in 2019/20 on proposal to introduce a 20mph speed limit, introduce additional waiting restrictions and improve the signing associated with the HGV restriction.	C		ESCC	<a href="mailto:jon.wheeler@eastsussex.gov.uk">jon.wheeler@eastsussex.gov.uk</a>	ESCC	
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	National Cycle Network Route 2, a review of the section from Seaford Head to Newhaven.	The design process for this signing and lining improvement scheme has now been completed. Cycle Seahaven and town councils have been involved with the designs. The scheme implementation phase will begin during September 2019.	C		ESCC	<a href="mailto:jon.wheeler@eastsussex.gov.uk">jon.wheeler@eastsussex.gov.uk</a>	ESCC	
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	A27 Polegate link to Route 2 and the Cuckoo Trail (which links to the A27 shared use path)	Proposed Designated Funds scheme linking to A27 Shared use path. (TBC)	C		Highways England?		ESCC	

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	National Cycle Route 2 improvements creating off road paths	proposal to introduce off road cycle path on existing road route: Berwick Way completion, Lullington Road & Cuckmere Valley Bridleway 26 (TBC)	C		Highways England ?		ESCC	
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	England Coast Path	rollout of new partnership to management the new Coast Path	C	S	East Sussex County Council		B&HCC, ESCC, NE, SDNPA, KCC, Medway	Andy Gattiker
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Meon Valley Trail Extension	Extension of Meon Valley trail beyond Wickham to Knowle Village (linking additional communities to SDNP)	C	S	HCC	<a href="mailto:Elliott.Rowe@hants.gov.uk">Elliott.Rowe@hants.gov.uk</a>	HCC	
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Greatham to Liss Forest Bridleway improvements	Surface and access improvements to Bridleway 11 (Greatham to Liss Forest) to improve access from rural settlements around Greatham to transport hub at Liss. (resurfacing, new signage, improved drainage)	C	S	HCC	<a href="mailto:Elliott.Rowe@hants.gov.uk">Elliott.Rowe@hants.gov.uk</a>		
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Amberley Wildbrooks path improvement	Improvement project to improve Wey – South Path at Amberley Wildbrooks Various WSCC LTIP projects (Further discussions required with WSCC to priorities projects. LTIP 0201,0183,0205,0125, 0129, 0139)	C	S	WSCC			
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	South Downs Way Crossing at Upper Beeding	Improved South Downs Way road crossing scheme on A283	C	M	WSCC	<a href="mailto:charlotte.weller@westsussex.gov.uk">charlotte.weller@westsussex.gov.uk</a>	SDNPA	Andy Gattiker
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Midhurst Bypass shared use path development	The creation of a shared use path between the Holmbush Estate and Cowdray Farm shop using a combination of existing rights of way and permissive routes enabling cross town traffic free routes to schools and other amenities.	C	M	WSCC	<a href="mailto:andy.mouland@westsussex.gov.uk">andy.mouland@westsussex.gov.uk</a>	SDNPA	Alister Linton-Crook
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	South Downs Way Chilcomb route	Deliver improved connectivity between Winchester and SD and implement improved route of SDW between Cheesefoot head and Winchester centre.	C	L	SDNPA		HCC, WCC	Andy Gattiker
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Centurion Way	Progress design, planning, funding and implementation of Centurion Way Phase two between West Dean and Cocking.	C	L	SDNPA		WSCC, Landowners	Nigel James
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	OuseValley Cycle Network	Continue delivery of the Ouse Valley Cycle Network, including the completion of the Egrets Way Shared Use path	C	M	SDNPA		OVCN, Landowners (inc. Lewes DC)	Alister Linton-Crook
5.2	Improve accessibility through a network of high quality routes connecting communities with the landscape, heritage, attractions and transport hubs and gateways	Rother Valley Way	Progress feasibility and design of the Midhurst to Petersfield NMU route (Rother Valley Way)	C	L	SDNPA		Community and local authority partners	Alister Linton-Crook
5.3	Encourage sustainable access into and around the National Park, encouraging the retention and expansion of rural transport services		Joint project on Digital Route Guides Improve 'gateway sites' around the city's urban fringe (see map) – better signage on the ground (and include on online Access Map)	C	S	BHCC		SDNPA	

# Agenda Item 12 Report NPA19/20-14 Appendix 2

	Priority Programme	Project Title	Description	C/P	Size of Project	Lead Partner	Contact	Other Partners involved	Internal Lead / contact
5.3	Encourage sustainable access into and around the National Park, encouraging the retention and expansion of rural transport services	Travel Hubs	Develop role of Travel Hubs at Gateway Stations working with Community Rail Partners to signpost visitors to the National Park	C	S	Community rail Partnerships		SWR/, Southern/GTR SHSDCRP and other rail partners	Allison Thorpe
5.3	Encourage sustainable access into and around the National Park, encouraging the retention and expansion of rural transport services	Address issues of poor signs at stations for onward routes for visitors	EG: Signposting Visitors from Falmer Station to Stanmer Park	C	S			BHCC?	
5.3	Encourage sustainable access into and around the National Park, encouraging the retention and expansion of rural transport services		Lighting of Arundel Station shared use route to town	C	S	Arundel TC		SCRIP	
5.3	Encourage sustainable access into and around the National Park, encouraging the retention and expansion of rural transport services	Promote Bus Travel Across the South Downs	Promote Discovery Bus ticket more widely with a focus on key South Downs Routes		S			SDNPA/Bus partners, LHAs and Community Rail partners	Allison Thorpe
6.1	Provide high-quality outdoor learning opportunities as part of a locally relevant curriculum	School Outdoor Learning Conferences	Annual learning outside the classroom School Conferences to include specific references to overcoming H&S concerns, perceived "red-tape" and teacher time/capacity challenges	C	S	WSCC/ESCC/BHCC		SDNPA/Learning network
