

New Outcome	PMP Indicator
Outcome 1 The landscape character of the South Downs, its special qualities, natural beauty and local distinctiveness have been conserved and enhanced by managing the land and mitigating the negative impacts of development and cumulative change	Changes in character of the landscape, including historic elements
	Percentage of the National Park that is relatively tranquil for its area
	Percentage area considered to have a dark night sky
	Percentage of designated or notified Geological / Geomorphological Sites managed in better condition
	Percentage of communities with access to natural greenspace
	Percentage of farmland and of woodland area that is managed under agri-environment or other schemes
Outcome 2 There is increased resilience within the landscape for its natural resources, habitats and species to adapt to the impacts of climate change and other pressures	Percentage of rivers and groundwater bodies with water available for abstraction
	Under development: Measure on pollination as an ecosystem service
	Under development: Measure on soil health as an ecosystem service
	Under development: Measure on carbon sequestration as an ecosystem service
Outcome 3 A well-managed and connected network of habitats and increased population and distribution of priority species now exist in the National Park	Area, condition and connectivity of target priority habitats
	Population and distribution of target priority species
	Distributions of target non-native invasive species and plant pests and diseases
	Percentage of water bodies achieving 'good' or 'high' status or potential
Outcome 4 Cultural heritage of the National Park is enhanced and widely understood and enjoyed	Percentage of heritage assets 'at risk'
	Number of new heritage assets in the National Park added to the Historic Environment Record
	Number of day visits to museums and heritage sites
	Under development: Measure on the growth and health of creative industries
Outcome 5 Outstanding experiences for visitors and residents are supported by high quality access and sustainable transport networks	Percentage of Public Rights of Way (PRoW) that is 'easy to use' or in good condition
	Proportion of visits by public transport
	Percentage of visitors who felt very satisfied with the visitor experience
	Under development: Measure on access by under represented groups
Outcome 6 Widespread understanding of the special qualities of the National Park and the benefits it provides	Percentage of people who are aware of why the National Park is a special place
	Percentage of schools within a 10km radius of the boundary using the National Park for learning outside of the classroom experiences at least once a year

New Outcome	PMP Indicator
Outcome 7 The South Downs National Park is a well-used and recognised asset for sustaining mental and physical health and wellbeing	Under development: This is an emerging thematic area. Indicators will be developed as the National Park's role in this space become clear and we have a better understanding of realistic measures.
Outcome 8 More responsibility and action is taken by visitors, communities and businesses to conserve and enhance the special qualities and use resources more wisely	Total number of volunteer days spent on activity relating to the special qualities Number and proportion of community led plans that are adopted and/or endorsed by the National Park Authority. Under development: Measure on changes in attitudes and behaviours relating to the natural environment
Outcome 9 Communities in the National Park are more sustainable with an appropriate provision of housing to address local needs and improved access to essential services and facilities, including digital infrastructure	Percentage of communities with access to key facilities. Proportion of new homes built that are 'affordable housing'. Area of National Park with broadband connection (at or above national average speed) and mobile coverage
Outcome 10 A diverse, sustainable, dynamic economy which is positively linked to the special qualities of the National Park	Number and diversity of business types that exist in the National Park. Average length of visitor stay and spend per visitor per day Percentage of vacancies within town boundaries Under development: Measure on business sustainability
