Lewes is a small town with a big heart. Most historians agree that Lewes' name derives from the Old English 'hlaeews' ('hills' or 'mounds') as Lewes is built into the slopes either side of the Ouse Valley, giving its inhabitants sturdy legs to go with their stout hearts. It was here that Simon de Montfort fought the Battle of Lewes against the King and where Tom Paine, author of 'The Rights of Man' once lived. Lewes has long been known for its spirit of independence and its inhabitants are proud of the town's significant history stretching back to Saxon times.

Royal Tunbridge Wells (as it is officially known) is one of a few towns and boroughs in England to officially be given a royal title. It came from King Edward VII in 1909, partly to commemorate the fact that his mother, Queen Victoria, had loved the town so much.

Tunbridge Wells is the only spa town in the south-east of England. Wealthy people used to come from miles around to take to 'the waters' of those eponymous wells and springs. These days, you can still visit the Chalybeate Spring on The Pantiles and be served some of the water by tour guides dressed in historical 'dipper' costumes. Probably the best known attraction in the town, The Pantiles is a pedestrianised street with shops and cafes, and plenty of splendid Georgian architecture. It gets its name from the square tiles with which it was originally paved, and most of the buildings are listed.
