

PEOPLE AND NATURE NETWORK

GREEN INFRASTRUCTURE IN THE SOUTH DOWNS NATIONAL PARK
AND WIDER SOUTH EAST

NOVEMBER 2019

Why a regional framework ?

- Nature/ecosystem services don't observe authority boundaries;
- Responding at the appropriate scale to strategic issues;
- Bringing partners together & sharing expertise;
- Providing a common framework to attract and guide investment;
- Targeted delivery to match the greatest need with the greatest benefit
- Provides evidence for local decision making to contributes to a wider framework

New legislative setting – after the PANN

- 25 year Environment plan
- Glover Review of National Parks and AONBs
- Environment Bill
- New Environment Land Management scheme

What is The PANN recommending?

Careful planning of the natural functions of land to find innovative solutions to people and nature problems.

5 Strategic principles for everywhere;

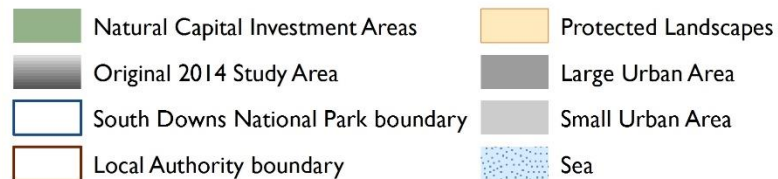

- Making strong connections;
- A Natural and Cultural canvas;
- Support Sustainable and Healthy communities;
- Become fit for the future;
- Better through working together.

Natural play, Stansted Park

Natural Capital Investment Areas (NCIAs)
