47	Proximity to the urban area - gateway to the park - view	3/19/2019 12:18 PM
48	It is an area which allows people travelling along the South Downs to see beautiful views both north and south. There are pubs that are easily accessible to refresh the traveller. The Youth Hostel is open to all also for refreshments. My worry is the Hill will be over developed, and I'm already seeing a very large increase in footfall on the trail.	3/19/2019 8:56 AM

65	Its 'naturalness' and the way it is now. Away from interference and busy activity	3/1/2019 9:42 AM
66	Being on the south downs	3/1/2019 8:56 AM
67	I have ticked the above because I enjoy the unspoilt atmosphere of the area. I am, quite frankly, getting a bit fed up with the idea that all natural places need to become theme parkish with lots to offer. This is a beautiful natural unspoilt site with lovely views and should be able to stand alone as a site for that reason not for loads of activities. We go there to get away from it all!	3/1/2019 8:05 AM

1	The access to Truleigh Hill is fine. The different activities often show respect to each other. A larger road up there would take away the still quiet feeling of that area.	6/5/2019 2:55 PM
2	I worry if more parking the access road and SDW would be busier and less peaceful for walkers and cyclists. If more cars are encouraged to come up to YH then conflicts might change for the worse. Right now they are not a major problem, possibly could use more signage to prevent bike problems and cars speeding down.	6/5/2019 2:40 PM
3	I just almost exploded my engine trying to park and skidding on hill on last space at side of YH side car park.	6/5/2019 2:22 PM
4	The road up here can feel narrow when large vehicles are using the road regularly (e.g. when the Rampion was being constructed) but mostly okay at the weekends.	6/5/2019 2:08 PM
5	Unable to comment.	6/5/2019 1:59 PM
6	I haven't visited previously so difficult to judge. I'm sure cars and tractors have a fierce competition in Summer. Patience is a virtue - better "passing points" would be an improvement.	6/5/2019 12:05 PM
7	Truleigh Hill is a rural area. The access road is tight but with care and consideration it serves its purpose.	6/5/2019 11:26 AM
8	Whilst the Bostal path needs improvement, essential to restrict motor traffic.	6/5/2019 10:32 AM
9	The area is an open space with agriculture, access is adequate, better roads, larger car parks would make more vehicle pollution and spoil tranquillity.	6/5/2019 9:32 AM
10	Difficult balance between accessibility and removing more countryside to provide parking and greater footfall.	5/6/2019 9:28 AM
11	There are very occasional conflicts when the hill is busy. Coaches sometimes have and cause problems - how could we make their turning and parking and passing easier. Large farm traffic - bigger than tractors - are more often winter visitors. I am concerned about overnight camper vans which stay many nights but this is more often a 5 ways or Mill hill issue - where do they dispose of their waste?	5/2/2019 8:30 AM
12	I've see cyclists falloff their bikes on The Bostal and people fall when hiking as it's so unstable in places	4/28/2019 7:31 AM
13	From beeding I'd like to be able to cycle to it with children but there is no cycle route access from the village without going across or along busy roads and with young children that has stopped me using truleigh hill as much as I'd like to on my own and with my children	4/28/2019 7:07 AM
14	Just think of Joni Mitchell's Big Yellow Taxi.	4/27/2019 4:15 PM

18	A bit of work on passing places would be helpful	4/20/2019 12:02 PM
19	A large car park and increased motor traffic would blight the area. It doesn't need to replicate Devil's Dyke.	4/15/2019 10:16 PM
20	Maintenance	4/1/2019 12:13 AM
21	I do find it a struggle sometimes passing larger vehicles.	3/25/2019 9:36 AM
22	walkers very rarely use foot path	3/21/2019 7:06 PM
23	not all cyclists are respectful of walkers. sadly some also litter, discarding their energy drinks and gells.	3/21/2019 5:09 PM

Truleigh Hill Landscape Project

24	I have never encountered a problem.	3/19/2019 6:35 PM
25	Park-and-ride or restricted access (e.g. residents only) should be considered. There really is a conflict - cars make the whole area too easily accessible to the detriment of the experience. At a minimum, car drivers and cyclists should be alerted to walkers and signage/controls introduced to emphasise the shared use nature of the road (I've been hooted and abused simply for being on the road). I understand the argument against introducing regulations that are difficult to enforce, but access points are limited and number-plate recognition technology could be a game-changer (and effective simply as a deterrent)	3/19/2019 12:25 PM
26	Increasing access will make this area too over crowded. As previously mentioned there has been a dramatic increase in footfall. Don't forget we are walking through farm land with grazing cattle and sheep.	3/19/2019 8:59 AM
27	Access road should be a 20mph limit with passing places	3/7/2019 10:22 AM
28	Have often parked in NT Beeding Hill car park and noticed piles of rubbish dumped, dog poo everywhere, generally messy and unwelcoming to visitors	3/6/2019 9:25 PM
29	It is a long way to walk up from the village, and then down again, so most people don't go that far. At the top of the Bostal Road they turn down to Golding Barn and come back over Windmill Hill which is far enough. I don't think they would drive up to Truleigh Hill for a walk when there are so many more accessible places to go.	3/5/2019 5:56 PM
30	Unfortunately more parking attracts more motorists, travellers and fly-tippers. A sad fact of life.	3/5/2019 2:25 PM
31	Have not so far encountered any conflict, but this could possibly change if plans for the area generate more visitors. Access road fine up to wooded area and improvements seem to be proceeding OK after this point. If much more traffic is generated, passing points on the North side of the final road, and possibly earlier will probably be necessary.	3/4/2019 6:45 PM
32	The restricted access too the car parks to stop travelers has made me not want to visit as i'm Worried I will damage my car!!	3/3/2019 8:53 PM
33	I think there should be adequate parking for Youth Hostel if it is to be developed into a larger recreational facility. But mainly encourage cycling and walking. Anything to stop people from parking in thoughtless places like gateways.	3/3/2019 4:50 PM
34	Walkers in road rather than on SDW as SDW not user friendly at present.	3/1/2019 5:34 PM
35	the road is in poor condition under the trees on the approach from the nature reserve with multiple pot holes, other wise it's decent. it's a great road for cycling because it is very quiet.	3/1/2019 3:03 PM
36	Parking other than disabled should be severely limited to discourage car access, in the interests of the environment and the tranquility of the area	3/1/2019 1:35 PM
37	Cyclists can be a pain because they sometimes ride very fast and don't have consideration for other users such as walkers and dogs. Other than that - no problem.	3/1/2019 9:44 AM
38	A lot of traffic should not be encouraged	3/1/2019 8:57 AM
39	Cyclists are frequently intent on fast cycling and don't pay enough attention to the walkers or give way. Some are also quite rude. This can make access to walking less safe.	3/1/2019 8:08 AM
40	Have only accessed by foot so have not answered Q9 & Q10.	2/28/2019 9:01 PM
41	I don't visit enough to say - hope to get along to the 03/03 event.	2/26/2019 11:40 PM
42	Signs to guide walkers off the road and onto footpath would improve safety	2/26/2019 9:03 PM
43	The main problem is people parking on the verges and in passing places	2/26/2019 1:02 PM
44	Have to walk on the road for some sections, can be hazardous.	2/24/2019 5:24 PM
45	As a Shoreham resident, I have visited the Truleigh Hill area many times. However I am not quite clear what bit of Truleigh Hill you are talking about. Is it the area with the fly tipped National trust car park or the awful mast filled peak. The site used to be good for sliver-washed fritillaries but they are long gone.	2/22/2019 10:16 AM

1	I am not disabled but feel a dedicated parking area and disabled toilet facilities would be wonderful so that they can enjoy the lovely views - plus another toilet would be usefull.	6/5/2019 2:57 PM
2	More toilets always welcome. Feel a bit awkward using YH toilets, as not clear if for public use or not. There is a potential for possibilities for facilities for those with disabilities. E.g. Improve access parking / wheelchair rails.	6/5/2019 2:44 PM
3	Youth Hostel should incorporate a disabled lift to access first floor facilities.	6/5/2019 2:00 PM
4	When the facility was built - disabled facilities were not a priority - improvement in this area should be a key but not major part of any refurb.	6/5/2019 12:08 PM
5	Some areas would be impossible to access by wheelchair but I accept that it would be difficult to make them accessible.	6/5/2019 11:27 AM

10	The YHA has limited support. The Nature reserve is good. It would be hard to access areas further away but I'm not sure that this should be expected or if there is demand for this	5/2/2019 8:36 AM

1	It's wonderful having the toilet and café facilities available for all visitors and a small increase in the facilities would be welcome. However, not too much or Truleigh Hill will end up like Devil's Dyke or Box Hill and lose its individuality.	6/5/2019 2:57 PM
2	It would be good to have a poor weather shelter (like NT Barns) to eat or shelter in if poor weather comes in - Barn. Could also act as information centre.	6/5/2019 2:44 PM
3	Now that I've discovered this I shall visit often as a safe venue within the South Downs - needs to be open all year!	6/5/2019 2:24 PM
4	Toilets at least available throughout the year.	6/5/2019 2:15 PM
5	Keeping facilities open all year would significantly add to costs.	6/5/2019 2:00 PM
6	It could be better publicised that the YHA café and toilets are open to the public.	6/5/2019 11:27 AM
7	Needs improvement - should be a destination	6/5/2019 11:01 AM
8	Café open throughout the year if commercially viable off-season.	6/5/2019 10:34 AM
9	Just a telephone and toilets.	6/5/2019 10:08 AM
10	Question 17 tricky because the economics would be hard to justify and its also nice that there is an off season that is quieter. I think a longer season might be good	5/2/2019 8:36 AM
11	I wasn't aware there were any there at all.	4/30/2019 9:38 PM
12	I'd really like to see a facility like stans bike shack - on or near truleigh hill	4/28/2019 7:08 AM
13	I would've liked an option for q17 that said that the cafe and toilets should be open when there is demand. Toilets all round I'd guess, cafe during peak traffic	4/24/2019 10:59 PM
14	This is the countryside, where one doesn't expect 'welfare' facilities, whatever they are.	4/20/2019 12:04 PM
15	Should be developed	4/1/2019 12:18 AM
16	Cafe & toilets would require more parking	3/30/2019 8:15 PM
17	obviously facilities need to pay for themselves. it is not clear to me what the YHA cafe offer is.	3/21/2019 5:11 PM
18	Facilities mean invasion to unspoilt area.	3/19/2019 6:37 PM
19	Particularly like the idea of café facilities, if these are realistic	3/19/2019 12:28 PM
20	As far as I was aware, I have never known of any toilet or welfare facilities in the Truleigh Hill area, unless they are in the Youth Hostel itself?	3/6/2019 9:28 PM
21	People down here in Upper Beeding are unaware that any welfare facilities exist up there.	3/5/2019 6:00 PM
22	People walk, cycle, ride horses and drive there all year-round.	3/5/2019 2:32 PM
23	Answer to 17. Yes, would like toilets available all year, but viability of cafe opening all year must be dependant on the planned projects being achieved.	3/4/2019 6:56 PM
24	Good baby change too!!	3/3/2019 8:57 PM
25	I think cyclists and walkers use the SD Way all year round and I'm sure an unobtrusive compost toilet would be very welcome.	3/3/2019 4:58 PM
26	Re q 17, I don't actually care, but I had to answer. If you have a facility, it should be open, as long as it can be funded from existing resources (ie don't waste money on this venture)	3/1/2019 9:47 AM
27	I go to walk not use the café and facilities so I don't really care	3/1/2019 8:09 AM

28	To the best of my knowledge no toilet or cafe is available to the general public so Q17 is very strange. Such facilities for non users of YHA would be fabulous. Downland is popular with local walkers in the winter since it avoids much of the mud that dominates wealden PRoW's so winter opening would be also be fabulous.	2/28/2019 9:14 PM
29	Whether the cafe should be open longer might be desirable - but only if it makes sense and generates a profit	2/28/2019 8:48 PM
30	As a walker I have often been very pleased to rest and use the toilets and cafe. Grateful it is there on the South Downs way	2/24/2019 5:26 PM

1	On the whole all groups show respect to each other and friendliness too. An exception at times are speeding downhill cyclists who don't have a bell! - This however is rarely a problem.	6/5/2019 3:06 PM
2	Maybe. Sometimes it is hard to know if the YH is closed or has a group. So when planning ahead you cannot rely on facilities being available (e.g. access to cafe for hot drinks).	6/5/2019 2:47 PM
3	Sadly most folk prioritise their own favourite activity. (Generally awareness and tolerance should prevail)!!	6/5/2019 12:12 PM
4	No opinion	6/5/2019 11:56 AM
5	Some dog walkers have no respect for the countryside, stock animals or other people	6/5/2019 11:31 AM

8	As above.	6/5/2019 9:56 AM
9	If it gets people out, it's all good.	6/5/2019 9:49 AM
10	Cyclists can be inconsiderate.	5/6/2019 9:35 AM
11	Often locals moan about stuff like this but users of the SDNP should just be respectful of one another, which in the main they are	4/28/2019 7:40 AM
12	This is not on Truleigh Hill but near - there's conflict between walkers and cyclists on the paths would need to consider this. Also dog bin facilities would be great.	4/28/2019 7:13 AM
13	Obviously increased traffic of any variety risks making it busier and losing the slightly desolate feel that's part of the attraction, but this could be managed	4/24/2019 11:03 PM

Truleigh Hill Landscape Project

17	No, but elsewhere where dog walking is more common there are problems with waste, 'professional' dog walkers with large numbers of animals causing an obstruction	4/15/2019 10:33 PM
18	Impact on condition of paths from horse riders and cyclists	3/30/2019 8:18 PM
19	as before, not all cyclists are respectful of walkers on the South Downs way.	3/21/2019 5:14 PM
20	Birdwatching needs unspoilt area and few people.	3/19/2019 6:39 PM
21	For me it's all about the detrimental impact of car access	3/19/2019 12:38 PM
22	no idea	3/7/2019 10:26 AM
23	I don't visit very often, so I wouldn't know	3/6/2019 9:37 PM
24	Sometimes there is conflict between walkers/dog walkers and cyclists but this is rare and a mostly harmonious atmosphere exists.	3/5/2019 3:01 PM
25	there is always the risk to turn a quiet site and wild life friendly site into a busy bike and dog walkers heaven with parking fees! but done tastefully this site could really benefit from improvement of access and diversity of activities	3/4/2019 1:20 PM
26	Walkers/ mountain bikers	3/3/2019 9:08 PM
27	possibly yes because there are so many people using the SDW and surrounding footpaths especially on a sunny weekend. One feels the tension between walkers and cyclists on a busy day. cyclists really must be more courteous to those on foot, hoof or paw. Most importantly all of the former must educate themselves so as to be respectful and sensible on farm land and near livestock	3/3/2019 5:12 PM
28	Cyclists often have scant regard for walkers	3/1/2019 3:47 PM
29	But there will be if you mess about with it.	3/1/2019 9:59 AM
30	Motor cyclists using the South Downs Way.	2/28/2019 8:53 PM

1	Not at the moment but the introduction of many more would have a detrimental effect. Just being able to appreciate the views and the countryside is probably the greatest benefit of visiting Truleigh Hill especially with the traffice and noise etc. that dominates other areas.	6/5/2019 3:06 PM
2	It would depend on what it was.	6/5/2019 2:10 PM
3	Properly managed recreational activities should contribute financially to the improvement of facilities.	6/5/2019 12:12 PM
4	Don't know	6/5/2019 11:37 AM
5	Irresponsible dog owners not clearing up after their animals. Some footpaths (Beeding Hill down to Golding Barn for example) have been severely eroded by horse riding.	6/5/2019 11:31 AM
6	Undisciplined car parking in sensitive areas.	6/5/2019 10:37 AM
7	Not at present. Increased numbers due to inhanced facilties may lead to pressure on the degradation of footpaths.	6/5/2019 10:04 AM
8	To a degree.	6/5/2019 9:56 AM
9	Although we are keen walkers extra transport and parking would have a deterimantal effect on the area.	6/5/2019 9:37 AM
10	Add footfall and reduce the serenity of the area	5/6/2019 9:35 AM
11	inevitably, at the busiest times the visitor make the site less tranquil	5/2/2019 8:41 AM
12	Sometimes, too many cars and people spoil the place.	4/30/2019 9:43 PM
13	As long as users stay on pathways/ fixed routes and it's clear where they are it's all good	4/28/2019 7:40 AM
14	Depends what they are. Do like that there's not much going on up there	4/28/2019 7:13 AM
15	agree most strongly, why ruin it	4/26/2019 12:49 PM
16	But only if badly managed	4/24/2019 11:03 PM

Truleigh Hill Landscape Project

17	Provided they are related to appreciation and not destruction of landscape and wildlife	4/22/2019 9:33 PM
18	Noisy scrambling bikes	4/22/2019 12:00 PM
19	Too many people would affect the 'getting away from it all' atmosphere	4/20/2019 12:08 PM
20	Yes - unless done sympathetically	3/30/2019 8:18 PM
21	as long as managed carefully	3/21/2019 5:14 PM
22	See above - perhaps it's inevitable but every effort needs to be made to ameliorate the impact - for example by constructing car parking on the south side of the downs, lower down close to the urban area rather than on top of the hill, with trails and peak-time park and ride up to the 'sensitive' area	3/19/2019 12:38 PM
23	possibly	3/7/2019 10:26 AM
24	No, but many years of intensive farming has had a negative impact on nature conservation	3/6/2019 9:37 PM
25	Not compared with the amount of rubbish up there.	3/5/2019 3:01 PM
26	tastefully with thoughtful choices of activities	3/4/2019 1:20 PM
27	But if managed correctly tho can be over come! Hangliders used to be a problem and scared the ground	3/3/2019 9:08 PM
28	They could have. so must be very sensitively managed	3/3/2019 5:12 PM
29	not at the moment - i like it because it is a relatively easy access and very peaceful	3/1/2019 3:07 PM
30	It will ruin the tranquil, natural character of the area - Please don't turn it into a theme park or visitor centre. Don't bother with organised activities which will ruin it for the people who use it now. Or don't you care about them? This modern idea of interfering with the countryside with these kind of proposals should be restricted.	3/1/2019 9:59 AM
31	Depends what they are	2/28/2019 9:36 PM
32	It's more the large numbers of people wandering around- often not following the footpaths, rubbish left, gates left open, bad parking & general disruption to farm.	2/26/2019 1:30 PM

6	They are all good suggestions but I am too old for most of them	3/5/2019 6:07 PM
