Dear Richard

Having reviewed the revised information, I'm satisfied that there are not any significant impacts on surface water drainage that will not be addressed through the condition proposed previously.

As such, please consider our previous response as current.

Regards
Sarah

In line with Government advice to reduce non-essential travel and work from home where possible, Flood and Water Management officers are now working remotely. Whilst we will endeavour to conduct our services in a timely manner and to meet statutory timescales where we can, there may be some impact to the services we deliver.
