

## South Downs Learning Network

### Sites and providers

The South Downs National Park Authority (SDNPA) has created this directory of education sites and providers to help schools connect with learning opportunities in and around the South Downs National Park. The SDNPA bears no responsibility for the services provided by the organisations listed in the directory and schools are responsible for checking appropriate safety standards and liability insurance when using an outside organisation and should follow the guidance at <https://www.gov.uk> when planning any educational visits.
